

Company Presentation

WHO WE ARE

Mission and vision

MISSION

We believe in communication built on reliable, shared data. We simplify the management of business data through Business Intelligence (BI) and Corporate Performance Management (CPM) solutions that centralize information into one trusted source.

We design intuitive tools that help companies make informed decisions, plan ahead, and track their goals. With competence and efficiency, we strive every day to be a reliable partner in creating real, lasting, and transparent value.

VISION

To be the preferred partner for companies that turn data into strategic decisions through tailored technological solutions that optimize processes, ensure transparency, and drive sustainable growth.

The management team

VINCENZO VITUCCI
CHIEF EXECUTIVE OFFICER

He holds a degree in Economics, specializing in Markets and Business Strategies, and has over ten years' experience as a senior consultant. At Board, he led projects across Sales, Production, Purchasing, Finance, and Retail, developing deep expertise in designing and implementing planning and performance management solutions.

His integrated business vision and ability to understand corporate dynamics from a strategic perspective guide his approach in developing effective solutions to optimize business performance.

DANIELE SANTANDREA
CHIEF OPERATING OFFICER

Graduated in Statistics from the University of Milan-Bicocca, he joined the Board world in 2013 as an EPM consultant.

He has worked on projects in sectors such as Automotive, Food & Beverage, and Fashion & Retail, developing a results-oriented and customized approach.

He ensures efficiency and quality at every stage, delivering effective, tailored solutions.

Passionate about sports, he approaches work with the same team spirit, convinced that true goals can only be achieved together.

DOMENICO PANETTA
CHIEF TECHNOLOGY OFFICER

Electronic engineer, he began his career in IT consulting in 2010 and has specialized in the use of Board since 2012.

He has helped many companies improve their decision-making processes with advanced solutions for data analysis and management.

He combines deep technical expertise with strategic vision, approaching every project with method, precision, and curiosity.

He closely follows technological developments to ensure solid, practical innovation that is always applicable to the business context.

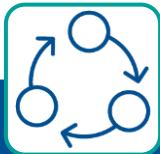

Why VSP Consulting?

A COHESIVE TEAM WITH A SHARED VISION.

VSP Consulting's strength lies in a solid shared history.

For over ten years, we've worked side by side on the same projects, tackling challenges across industries and **becoming Board's reference team in Italy from 2019 to 2024**

This long-shared experience has generated:

REAL SYNERGY:

we are not a team that has been assembled, but a tried and tested group, capable of collaborating naturally and effectively.

COMPLEMENTARY SKILLS:

developed and refined in the field, enabling us to offer comprehensive and integrated solutions.

RELIABILITY:

we know how to work together, thanks to a common working method, and this is reflected in the quality of the projects we carry out.

WE SHAPE DATA WITH TAILOR-MADE BI AND CPM SOLUTIONS

The logo for boardpartner features a stylized 'b' with a small vertical bar to its left, divided into three colored segments: yellow, orange, and blue. The word 'board' is in a bold, dark blue sans-serif font, and 'partner' is in a lighter blue sans-serif font.

Board is the technology at the heart of our projects.
